

As we are nearing the end of term, the weeks are getting busier and busier! These last two weeks we have had lots of exciting things happening in Primary and the children are very much looking forward to the PSHE activities week!

Year 6 students had their transition day in to Year 7. They took part in taster lessons in maths, IT, Geography, English and PE. The students all had an 'EPIC!' day and are looking forward to September. The children were all well behaved on the day and teachers were all impressed with them.

Year 5 and 6 also had a very exciting trip to the warning zone, which they all thoroughly enjoyed. The aim of the trip was to learn about fire and road safety. The children came back to school buzzing with different ways to keep safe on the road and in their houses. Overall the trip was a success and all the children behaved immaculately, even the tour leader from the warning zone commented on how well the children were behaved. They were a credit to our school!

For the past week Year 3 and 4 have been working extremely hard on an SDL project. They were given the opportunity to design their own SDL classroom for next year. The children were given a budget of £300 and had to research different shops to find what furniture they would like in their new classrooms. They then as a class voted on their favourite ideas and came up with one design. Well done Year 3 and 4 for being so creative and imaginative, I am very much looking forward to seeing your classroom next year!

This week the whole of Primary enjoyed a visit from the animal man. The animal man brought in many different animals that the children enjoyed holding and stroking. They all had a fabulous morning and learnt a lot of information about different animals and adaptation of animals. The children particularly enjoyed holding the different snakes.

Finally, a massive congratulations to the Year 6's on their amazing SAT's results. Their hard work and determination all year has paid off and they should be very proud of themselves. The children have all organised a celebratory meal which I hope they enjoy!
